SF001 MANNEQVIN HAND-JOW 2 SONG 45

The record that started the(bowel)movement! Tight, strident instrumentals backed by screaming vocals, or at least that's what MRR said. Two songs about drugs that are even too cool for Sub Pop! These guys have more hair than you could ever dream of having. They even grow their own pot!!!!

SF002 TARGET-GOING UP 4 SONG 7" on luscious gold vinyl!

MRR said that it sounds like SOULSIDE meets the VIOLENT FEMMES at a bong-out fair! That's pretty close! D.C. influenced pop punk with a slightly lighter edge. The first of the Shakefork bands to break up!

SF003 IVY LEAGUE-GUB 4 SONG 7" on cherry kool-aid vinyl!!!

A cross between FUGAZI and VOMIT LAUNCH? That's what MRR said. They also said "tough punchy bass line, toned down guitar, sing songy call and answer vocals with personal don't give up lyrics." That's pretty close. If they were still together, they'd probably try to move to Berkeley (but Bob would probably get 'em lost on the way!!).

SF004 WEEDEATER-GET THE JOB DONE 6 song 7"

This is the real reason why Ray Cappo fled to the Krishna's! Kevin from Ivy League called them the hardest band ever! It blows away any straight edge record you might own. They're not straight edge, just harrrrd! It's out of print right now, but will definitely be repressed!!

All records are \$3 ppd. Payable to Scott Broadhurst

SF005 NO PUNKS IN THE PIT COMPILATION 7"

Yes, we ventured into comps and boy is this one a dandy! One song each by IVY LEAGUE, DICKEY MO, BILLINGSGATE and MANNEQVIN HAND. Comes with an insert for each band plus the official pit rules. This was originally supposed to be a double 7", but we decided to make them into 2 sperate records. The other ones listed below.

SF006 and a half DECLINE OF THE WESTERN SUBURBS 7" COMP.

Yes, another fucking compilation... Five bands, five songs. The bands are TIME OUT, APOCALYPSE HOBOKEN, TARGET, SLAPHAPPY and the mighty WEEDEATER!! This compilation also comes with inserts for each band with lyrics and all that other hoopla. p.s. Bobs stupid face is on the cover...

SF007 GAUGE-BLANK 4 song 7"

Yes, it was destined to happen. Gauge is so fucking awesome, that I just had to do their record. The best way to describe it would be hard melodic D.C. influenced stuff. Very, very awesome! Pot pie, or should I eat jello?

Out Soon!

SHAKEFORK ARMY T-SHIRTS!!

Yeah, they're not XXXXXXL, or twenty sided, or 54 colors or long sleeved or high quality or anything, but they do have the Shakefork logo on them and they're only \$6 ppd. Only a few left so buy them quick!!!

"BLANK" 4 SONG 7"

Yes, it's finally out. Gauge is this band that formed about a year ago, when Target and Ivy League broke up. Yeah that means there's ex-members of both those bands (big deal!)

Well now their 7" inch is out after tons and tons of delays, so stop all your bickering and complaining. Oh yeah, I still got 7"s by IVY LEAGUE, MANNEQUIN HAND, TARGET, the NO PUNKS IN THE PIT comp. and the DECLINE COMP.

SHAKEFORK RECORDS

okay, here's what's going on with shakefork and all our little goodies. we still got copies of the MANNEQVIN HAND, TARGET and IVY LEAGUE 7"s. not a million copies though, but probably enough to fill the orders. the WEEDEATER 7" is history, sorry. both the NO PUNKS IN THE PIT comp. and the DECLINE OF THE WESTERN SUBURBS comp. are temporarily out of print. they will be repressed though. i have the covers, just no money for the vinyl. i also got copies left of the GAUGE "BLANK" 7" which is in its second pressing. and, lastly, i have the newest release, the FRICTION "MAKESHIFT" 7". 183 on colored vinyl, 217 on black. all records are \$3 ppd. make checks/money orders/death threats out to scott broadhurst.in the works.. i'm working on a thus far untitled 10" comp. with lots of cool bands. hopefully out by early '93. oh, by the way, don't ask if your band can be on it. i also want to do a FRICTION LP by summer '93, but we'll see how that goes. also, look for a NEIL SANDLER SOLO LP and I HATE DICKEY MO t-shirts. i also got tons of other shit, so send a stamp for list. send your demos to basil - i don't want 'em.
